

**Land Conservation on the Englishman River  
PARKSVILLE – October 24, 2003**

Following the announcement of the purchase and preservation of 432 acres of land (known as Block 602) from TimberWest on the north side of the Englishman River, Don Krogseth, Chairman of The Nature Trust of BC, and the Honourable Joyce Murray, Minister of Water, Land and Air Protection, inspect a Large Woody Debris (LWD) structure installed adjacent to Block 602 in August 2003. This LWD jam is one of 15 mainstem restoration sites constructed by the BC Conservation Foundation and funded by the Pacific Salmon Endowment Fund through the Englishman River Watershed Recovery Plan, and by the Habitat Conservation Trust Fund.
